

How the Accredo model works for patients with Pulmonary Arterial Hypertension (PAH)

Express Scripts
By EVERNORTH

Capabilities

INDUSTRY LEADER

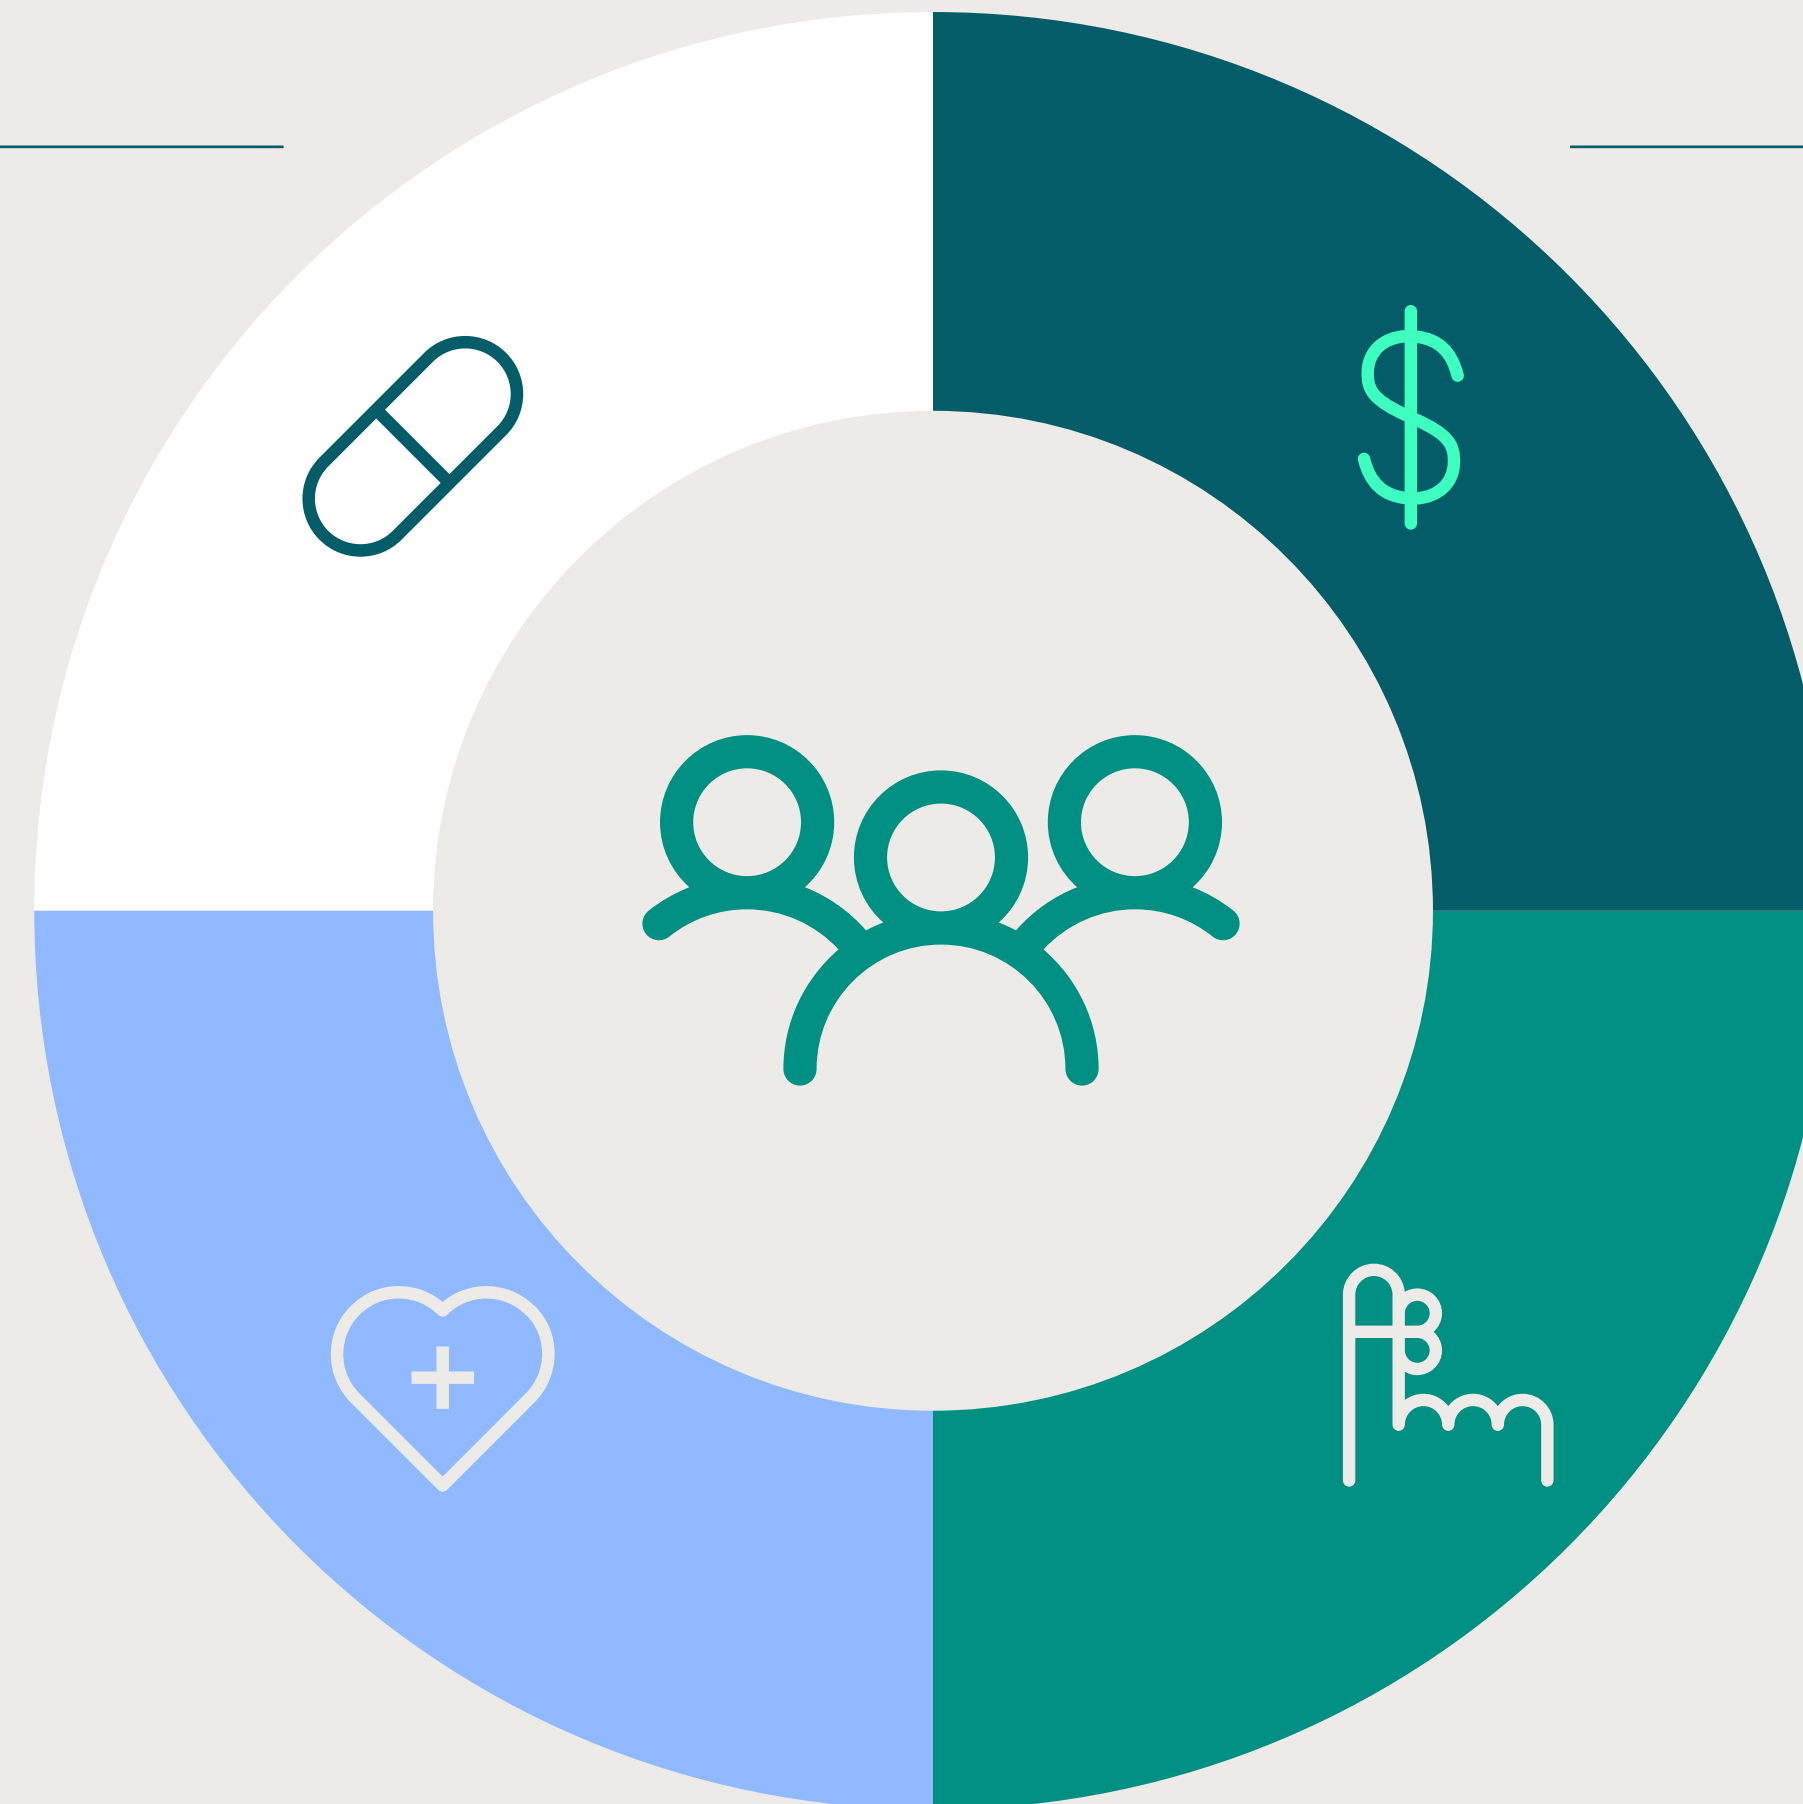

Accredo has access to every PAH medication available today and leads the industry in limited and exclusive distribution drugs—more than any other pharmacy.

Care

EXPERT TRAINING

Accredo's clinicians who treat PAH are provided with as much as 9 months of extra training.

The average tenure of Therapeutic Resource Center clinicians treating PAH patients is 12 years.

Affordability

FINANCIAL ASSISTANCE

In 2023, Accredo helped secure \$2.63B for patients across all Therapeutic Resource Centers, including \$120M in copay assistance for PAH patients.

Adherence

BETTER OUTCOMES

Accredo's comprehensive care model drives exceptional patient adherence levels that outperform other pharmacies in certain categories by nearly 10%*.
